

THINK DIM BRIDGE

► [play intro video](#)

the band

Thaikkudam Bridge arrived in 2013, as their first studio jam-show Music Mojo became insanely popular. The band has not looked back ever since, clocking 300+ gigs till date. The band is loved by millions of fans around the world and has been the biggest breakout band to emerge from India.

The band is a collective of numerous musical genres due to the mere fact that the artistes hail from different parts of the country with myriad musical backgrounds. From Indian Classical to Folk to Hard Rock, the band has a rich repertoire of humongously popular tracks.
